PROVINCIAL ASSEMBLY.

Proceedings of the Second Session of the Fifth Legislature.

WEDNESDAY, Feb. 29th.

Mr. Speaker took the chair at 2:15 p.m. Prayers were read by the Venerable Archdeacon Scriven.

PETITIONS.

Col. Baker presented a petition from F. C. Lang and others, Kootenay. Received.

Hon. Mr. Beaven presented a petition with the names of 1200 male and female residents of Victoria city attached, praying for legislation closing places in which liquors are sold, nightly, from midnight till 6 a. m. and on Sundays during the whole day and night; also, that licenses be restricted so as to bear a proportion to the population.

Hon. Mr. Humphreys presented a similar petition from residents of Comox.

Petitions on this subject presented at a previous sitting from New Westminster, Vancouver, Nanaimo, Kamloops and several districts were received.

PRIVILEGE.

Hon. Mr. Humphreys—Rising to a question of privilege read to the House what purported to be a dispatch from the associated press agent in this city to the Ottawa *Free Press*. In doing so he said, "I wish to say that it becomes my duty not only to contradict the statement of the Associated Press agent at Victoria, but to brand the statement as grossly untruthful, and as audacious and impudent reflection on Mr. Speaker and the members of this House." Strong language may be used here he said, but it was moderate compared with that often used in the British House of Commons and other legislative bodies of the Empire. When our action was compared with that of others he did not think we suffered by the comparison. He did not care a great deal about these reports because he was becoming used to them, case hardened, so to speak. He believed he was actually the best abused man in the province, if not in America. This House should endeavor, however, to have reports which are sent out from it in a measure correct and not grossly exaggerated as the one he had read. As to the abuse heaped upon him he believed in the old Greek adage that "the abuse of some men was more to be desired (to the abused) than their praise."

PRIVATE BILLS.

Colonel Baker introduced a private bill to incorporate the Kootenay Railway & Navigation Co.

Mr. Martin introduced a private bill to incorporate the Nicola Mining Company (limited) of London.

STENOGRAPHERS.

Mr. Bole moved, seconded by Mr. Grant, That it is, in the opinion of this House, desirable that the government should introduce legislation to provide official stenographers in connection with this House and the Supreme Court.

The mover thought no honorable member would deny that there should be an official here on whom the responsibility of correctly reporting the proceedings of this House would rest. In the Imperial and Dominion Commons and many other deliberative bodies, shorthand reporters had been found of the greatest utility. Newspapers at best could give but a very condensed report—the cream, so to speak, of what took place. Their object was to cater to the public taste and they had to give a little of all going on, without giving attention to any particular department. If there was an official stenographer in the House important matters which honorable members had taken days and weeks and perhaps months to prepare would be kept on record for future reference. It was not very gratifying after taking a great deal of trouble in gathering important information to have it disposed of with three lines in a newspaper. The adoption of what he proposed would not entail a very great deal of expense and by having properly reported and printed debates sent to the country, electors would be enabled to know what their representatives were doing. But the by no means least important side of the case was that relating to the courts. By a *verbatim* report being made a case which had occupied several days in hearing could be presented in intelligent form to the jury. The judge's notes were fragmentary and the counsel merely took down such points as he considered in his favor. Wherever stenographers had been employed they had been found to be of the greatest benefit. The only question to consider was that of cost, and the benefits which would accrue, he thought, would repay the outlay.

Hon. Mr. Robson said the government had long contemplated the employment of stenographers for the higher courts and he believed provision for such would be made. In respect to stenographers for the Assembly he did not consider the expenditure would be justified. To report the speeches would not cost a great deal but to print them especially in such form as members could circulate them through the country would bring the expense away up into the thousands. The printing department would have to be enlarged and it would be a very great expense indeed to the country. Instead of being an improvement he believed it would be a new inducement to loquacious members to take up the time of the House. He hoped the resolution would be amended.

Mr. Grant, who had previously moved in this matter, did not quite agree with what the leader of the government had said. What was wanted was the language used in this Assembly to be taken down in order to be available for future reference. He would not go in for publishing the debates, but they should be reported.

Resolution was amended by striking out the words "this House and."

Hon. Mr. Davie said stenographers could be employed all the way from $75 to $150 per month and as their services could be utilized for other purposes than reporting in the Supreme Court they would become to a large measure self sustaining. Probably three would be required.

Hon. Mr. Beaven wished to know what steps would be taken to give the public an opportunity of seeing the reported judgements or cases. It was a very contracted view to take of the matter that these reports were only intended for the legal profession.

Mr. Bole said in case of a trial application would be made by counsel for the services of a stenographer, and at the conclusion the expense of this official would be taxed on one or other of the litigants with other costs.

Hon. Mr. Humphreys said there had been nothing shown to justify the employment of three stenographers. They would cost fully $5000 a year. But what struck him most forcibly was that the litigant, whose expenses were already too great for obtaining justice, was to have an additional burden placed upon him. Why this should be done was not very clear, because he had yet to learn that any miscarriage of justice had occurred under the present arrangement. He was telling the House exactly what he thought when he said that there was nothing to justify the expense of permanently employing three stenographers.

Hon. Mr. Davie—Not necessarily three.

Hon. Mr. Humphreys—The expense must amount to about $5,000, which is more than the government expended in a year on some of our most important farming districts. A permanent drain upon the public funds which this scheme would necessitate, should not be incurred. The expense of the civil service was already altogether too great, and it would be found that before the income of the province will be made to meet the expenditure, fully thirty per cent of the officials employed in it will have to go. He would vote against the resolution.

A somewhat lengthy discussion took place on the point as to whether the mover of a resolution could speak to every substantive resolution and still retain the right to close the debate. The speaker refused to decide off-hand.

Hon. Mr. Davie hoped the honorable gentlemen would consider the question well before voting the resolution down. He assured the Assembly that this resolution was not in the interest of a class but of the public generally.

Hon. Mr. Humphreys would withdraw his opposition after what he had heard if the acting Attorney-General would give the assurance that the appointment was only tentative and that one stenographer only for the present would be employed.

An explanation apparently satisfactory was made.

Mr. Semlin said if the country was going to pay for the stenographers they should be for the benefit of the whole province.

Mr. McLeese would positively object to giving Victoria more privileges than other portions of the province.

Mr. Bole said the competent reporters would be required, but he thought they could be obtained for $75 per month each and it was the best investment the litigant could make. Traveling from one place to another some reasonable sum would have to be allowed reportors for expenses. He consented to drop a portion of his resolution on the principle that half a loaf was better than no bread, but he believed the appointment of stenographers for the courts was a step which would yet be followed by their introduction into the legislature. Resolution carried.

SUMAS LANDS.

Hon. Mr. Robson, in reply to a question by Mr. Ladner, said the government were granting titles to the Sumas lands and that they were under its administration.

Mr. Ladner—Since when?

Hon. Mr. Robson could not state positively.

Mr. Ladner did not consider this answer a satisfactory one, and stated that he would have more to say yet on the subject.

MUNICIPALITIES ACT.

Mr. Ladner asked leave to introduce a bill intituled "An Act to alter and amend the 'Municipality Amendment Act, 1887.'" Bill read a first time.

COAL HARBOR LAND.

Mr. Orr moved, seconded by Mr. Martin: That the select committee appointed to enquire and report to this House whether any *bona fide* or other occupants, having occupied or made substantial improvements on lots in the townplot of Granville previous to Mr. Van Horne's visit, have been allowed to purchase their locations at the price of $200, as stipulated in the bargain for the cession of 6000 acres at Coal Harbor and English Bay by the government of British Columbia to the Canadian Pacific Railway Company, or to trustees on their behalf; with power to call for persons, books and papers, be instructed to include in their enquiries, or any *bona fide* applicants to purchase any of said lots, such words to be inserted in the third line, between the words Granville and previous.

Mr. Higgins, speaking to the resolution, said squatters of as early a date as 1883 had gone to the Lands and Works office and tendered their money in order to get their titles and were told that they could not get them till the agreement with the railway company was settled.

Mr. John—Hear, hear.

Mr. Higgins—I am entirely in sympathy with this resolution. Carried.

LICENSES ORDINANCE.

Hon. Mr. Davie asked leave to introduce a bill to amend the "License Ordance, 1867."

Hon. Mr. Beaven—The process of introducing the bill adopted by the honorable gentleman is out of order.

Mr. Speaker ruled the point correctly taken.

Hon. Mr. Davie said he would give the necessary notice.

CARIBOO MAIL SERVICE.

Mr. Mason moved that an humble address be presented to His Honor the Lieutenant-Governor, praying that His Honor will urge upon the Dominion Government the importance of maintaining the service efficiently between Clinton and Barkerville, with a four-horse passenger coach during the summer months, and not less than a two-horse passenger vehicle during the winter months, and that the contractors be held with two sureties under a bond of $10,000, as a satisfactory guarantee that the work will be properly performed.

The mover said that accommodation in the direction indicated by the resolution would be an important factor in settling up the province and would induce people to travel into the mining districts. Considering that there was about 300 miles to travel over it would be seen how important good accommodation was.

Mr. McLeese said the present service amounted to little more than a freight service. Good passenger coaches should be put on. He had traveled over the road so often that he knew what it was. The horses used which were used on the road were not what they ought to be.

Mr. Bole thought that the Dominion Government were adopting an exceedingly cheese-paring policy. He supposed we would see the day when the parcel post will not be regarded as part of the mail service so far as Cariboo is concerned.

Mr. McLeese—That has been done already.

Mr. Bole—That is worse and more of it. He thought honorable members should unite to promote and protect the interests of the province.

Mr. Mason did not think his honorable colleague was quite correct in saying that the parcel post had been abandoned.

Mr. McLeese—It was stopped, or rather suspended, for one winter.

Hon. Mr. Humphreys said it was the duty of the province to keep the Domin-

NEWS OF THE WORLD.

Fine Salmon Fisheries in Labrador Thrown Open to American Fishermen.

London's Daily Gossip—The Subsidy Question—Lord Dufferin Thanks Toronto.

ADDITIONAL FISHING GROUNDS.

OTTAWA, Feb. 29—As a result of the late treaty it is stated in official circles that a large number of the finest salmon rivers on the coast of Labrador will soon be opened to American fishermen. The rivers in the Labrador district are leased by the owners of the Mingan Seignory, whose title to the property is now being contested by the government. The original deed dates back to the early part of the seventeenth century, but, it is said, was never signed by the French King, and if this proves to be the case the property reverts to the government. The property extends from below the Saguenay river along the coast for 150 miles, reaching into the interior twenty miles.

CABLE NEWS.

LONDON CABLE NOTES.

LONDON, Feb. 28—It is understood that the mail contract to New Zealand via San Francisco, which expires in November, 1888, has been extended for one year.

The Canadian and Australian authorities are now in communication respecting a new future service via Vancouver.

Earl Dufferin writes from India conveying his warmest and most respectful thanks to the Mayor and Corporation of Toronto for the honor done him by naming a street in the city Dufferin street.

UNITED STATES NEWS.

STOCKS ADVANCING.

SAN FRANCISCO, Feb. 29—When the second session of the stock board closed this morning "Confidence" had reached $45, an advance of three dollars over yesterday's closing. Stock has advanced fifteen dollars in a week.

THE VALLEJO DISASTER.

VALLEJO, Feb. 29—The inquest in the steamer Julia explosion has already established the fact beyond doubt that the boiler exploded as the oil tanks are floating on the wreck intact. The railroad company thus far has done nothing for the families of the dead. Most all of the killed were hard working men and very poor.

SAN FRANCISCO, Feb. 29—In accordance with the resolution adopted by the City Trustees last night there is a complete suspension of business this morning and our citizens are out en masse to pay their last tributes to the victims of Monday's unfortunate disaster.

MILLIONS INVOLVED.

LOS ANGELES, Feb. 29—A suit has just been instituted by James D. Lick against John B. Felton, George H. Brownsby and twenty-six other defendants. Plaintiff is the heir apparent of the late James Lick, founder of the Mount Hamilton observatory. Complainant alleges that James Lick, Sr., bought once 18,000 acres of the best land in Santa Barbara county, and joined with Felton and others in a colony scheme. Plaintiff now sues for an accounting, and such further relief as the superior court of Santa Barbara county may give. The case involves title to land, and if Lick is successful he will gain $3,000,000 in money.

A GREAT ENTERPRISE.

ST. PAUL, Feb. 29—It is reported that the Montana Smelting Company, which is largely composed of capitalists of this city and Minneapolis, has closed a contract with the Great Falls Water Power Company of Montana, controlled by Mr. J. J. Hill, and will erect the largest smelting plant in the world at Great Falls, on the Missouri. The company has a capital stock of $1,500,000, which will be increased as required, and their plans call for the expenditure of nearly $2,000,000 for the erection of furnaces and other structures.

Wires Down.

The storm king was about last night on the mainland and played such havoc with the wires that we are to-day without our usual afternoon dispatches. The wires on the Island are in working condition; the trouble is with the postal service.

The Western Union line north of Seattle to Sumas has been abandoned. Messages are now sent south via the Puget Sound Company's line from this city when ordered to be sent that way.

So far, the complaints for wires being down have been but few as compared with the former service given the press in this province, all of which is creditable to Mr. Hosmer, manager of the Postal Service, to Supt. Wilson and others connected with the service in this province.

Seattle's Railways.

The extension of the Lake Shore & Eastern Railroad from Seattle through the Snoqualmie Pass seems to be assured. The company has sold $3,000,000 of bonds to build the road with, and the work of construction will doubtless be pushed with some vigor. This amount of money will not build and equip as much road as the company think it will; but we understand that the parties who took these bonds are ready to take five millions more, and with this additional amount the road can be extended through the eastern part of the territory, and branches to cover a large area can be built. The extension of this road to the coal and iron districts east of Seattle will lead to the speedy development of their resources. The company organized for this purpose, we are informed, is already provided with a large capital, and is getting ready for business.

The Captured Robbers.

It is reported that a pal of the two men—Dawe and Clark—arrested for stealing rings, pointed out to the police the place where the rings could be found, in an old chimney. Nine valuable rings were found secreted in this hiding place at the rear of the Australian Hotel on Humboldt street.

Inland Revenue.

The following are the collections at this office for February:

Tobacco	$ 1,262 10
Cigars	1,017 50
Spirits	4,645 47
Malt	23 77
Licenses	54 00
	$ 11,002 84

Canadian Jottings.

The House sat an hour on Tuesday. After the presentation of reports the debate on the motion to refer the Judge's decision in the Kent election case to a special committee was continued by Hon. Mr. Laurier. The motion was carried. The object of referring it is to settle what are the consequences of a special report such as this was.

Hon. Mr. Foster replied to a question as to Canadian fishing vessels requiring to report when in harbor and whether they were liable for dues. The question related chiefly to the Atlantic fisheries.

The Speaker read a message from the Governor-General transmitting a message of thanks from the Queen for the Jubilee congratulations.

On a question of privilege being raised, Sir Charles Tupper said he had been asked as to whether any material modifications were to be made in the tariff this session and had replied that he thought not.

Goldwin Smith believes that the Imperial Government has given a private intimation to Sir John that the course pursued towards Manitoba is not in harmony with the Confederation Act.

George Eyvelle, the well known Hansard reporter, died this morning from injuries received from exposure after being robbed in the streets of Toronto.

The Railway Marches Westward.

Westward appears to be the order of railways as well as the empire. The surveyors of the Manitoba Railway are now out locating a line westward, through Montana and Idaho to Washington Territory and Puget Sound. At last accounts they were encamped on the Clearwater at the mouth of Kanai Creek, about 40 miles east of Moscow in Idaho. The line will pass through that town and thence due west over a practical route which has been discovered through eastern Washington Territory. It is known in railway circles in the east that Mr. J. J. Hill's determination is to reach tide water on Puget Sound at some safe point accessible at all seasons and stages of the tide to seagoing vessels. Rumor has it that this shrewd, far-seeing Canadian-American railway king has made a selection for his Puget Sound terminus somewhere on Bellingham Bay, where he has secured a tract of 17,000 acres of land, on which he purposes to raise a future seaport city. Mr. Hill's enterprise is truly astounding. Like many other successful railway men, everything he touches appears to prosper and add still farther to the many millions which he has accumulated within the last twenty years. In 1862 he left Guelph, Ont., a penniless youth for the then far west to earn a livelihood. His success has been phenomenal.

The Smuggling Gang.

A Tacoma dispatch of the 28th Feb. says: United States Marshall Hamilton, now in the city in attendance upon the district court, states that there will be brought before the grand jury an unusual number of smuggling cases and that among the number are one or two that are closely related to the operations for which E. A. Gardner was recently arrested at Ogdensburg, New York. He says that the "old gang," of which E. A. Gardner, was a member, consisted of a wide and strong circle and that disclosures are likely to be made at this term of court that will seriously affect many in high places in the customs service, not falling short of Beecher himself.

At the Revere.

The Rev. P. McF. McLeod, with his family, are guests at the Revere House, Pandora street, where they have secured apartments pending the arrival of their furniture and fitting up their new residence. The reverend gentleman's family consists of four daughters and four sons. We regret to learn that the youngest of this interesting family is seriously ill. It is feared the change of climate has affected the child, who was just recovering from sickness before leaving the east.

The Mainland Ferry.

The steamer Princess Louise did not leave her wharf at Vancouver until 2:30 a. m. to-day, reaching Victoria shortly after 12 noon. It snowed very heavily during the night, there being fully a foot of snow on the ground when her planks were drawn in. On the Pacific express there were but few passengers, a few mail bags and a light express list. She will leave for the terminal city at the usual hour to-morrow morning.

A Youthful Murderer.

Neil, the convicted murderer, whose execution took place in Toronto on Tuesday was only 18 years of age. Ex-Mayor Howland sent an open letter to the Minister of Justice asking for mercy but clemency was refused and the law allowed to take its avenging course.

HEWERS OF WOOD.

Our morning contemporary reprints an article from the Hamilton Times in support of the fishery treaty, which is, we are sorry to say, another unfortunate exhibition of a journal dealing with a question it does not understand. The first argument of the Times is that if "the Yankees want to send fish to Boston over Canadian railways the railways will get a full fare for the service." If this argument is correct it will doubtless be in order to give them everything that is left, provided they employ us to carry it for them. Verily, this is becoming hewers of wood and drawers of water to the Americans. And what does Secretary BAYARD say of the treaty, viewing it from an American standpoint? "In the treaty just "concluded and submitted to the "Senate," said Secretary BAYARD, "the United States have secured "practically everything we have been "contending for. I don't hesitate to "say that if Canada had conceded to "American fishermen in 1886 one-"fourth of the rights that are secur-"ed for them by this treaty there "would have been no trouble at all. "We would not have heard a single "complaint because no grievance "would have been felt. Every diffi-"culty that the American fisherman "has had to contend with has been "remedied by this treaty." "Have secured practically everything the United States contended for!!" Oh, Colonist, hide your diminished, unproductive head.

THE BOYCOTT BUGABOO.

The lion and the lamb of the Colonist and Standard have embraced each other in the matter of urging a boycott against the steamers in connection with the Canadian Pacific Railway. Our contemporary of the Standard goes so far as to urge that it be insisted upon as a condition to the granting of a subsidy that Victoria be made the headquarters for the Oriental steamers. From a Victoria point of view this is the correct position to take, but before that can be accomplished much has to be done in connection with our harbor improvements. There are other considerations which enter into the question, such, for instance, as rapidity in transit from Hongkong and Yokohama to London. It may be a matter of surprise to our contemporaries to learn that the subsidy from the Imperial Government has not yet been definitely arranged. At this moment the British Government are being supplied with data relative to the arrival and departure of the steamers from Hongkong and Yokohama, their arrival in the Royal Roads and at Vancouver. The hour of placing the mails on board the express trains there; the time occupied in reaching Montreal, Quebec, Halifax and New York, and their arrival at the general post office in London. Specific orders have been issued to state where any blockage or delays occur on the line across the continent. The Canadian route is placed in competition with others, and it is still doubtful as to the one to be finally selected. An hour lost in reaching the Atlantic seaboard to connect with the mail steamers there may be regarded as fatal to this route. Hence it becomes apparent that every advantage should be afforded the steamers to make quick passages. The matter of establishing the feasibility of the Canadian route should be viewed from a national and not a sectional standpoint. That is the problem the Canadian Pacific Railway officials are now endeavoring to solve. The course pursued by our contemporaries is far from being a patriotic one. Time and again the assurance has been given the city that Victoria would be made a port of call both outwards as well as inwards, if a similar policy were adopted here as is followed at Queenstown and in the north of Ireland, where passengers and mails are landed and the steamers then proceed on their journey to Liverpool. The time lost rarely exceeds an hour. Here if there is not a relaxation in the customs regulations several hours delay must necessarily occur. Those professing a knowledge in such matters assert that passengers and mails could be landed here without a stoppage of more than one hour, were the boarding officer empowered to grant the ship her clearance papers. This appears to be but a trifling matter to accomplish. An effort should be made to overcome the difficulties presented so frequently through these columns, the enforcement of which must inevitably affect the interests of Victoria. Instead of urging a foolish action on the part of our merchants against the Canadian Pacific, the Colonist and Standard should see to it that the government will frame new regulations applicable to the emergency of the case here. That done, notwithstanding the slap given by Sir WILLIAM PEARCE'S manager to Victoria's harbor accommodation, we are assured the vessels will land passengers and mails either in Esquimalt harbor, when the sea is heavy, or in Royal Roads. This is all that can be consistently expected, and it can be successfully carried out, if gone about in the proper manner. But a boycotting threat will never do that.

ASSEMBLY NOTES.

The Acting Attorney-General, whose vanity leads him into the belief that his audiences are not as intelligent as himself, informed the House Wednesday that good short hand reporters could be employed for reporting court proceedings at the rate of $75 per month. With the assistance of this munificent salary he thought the reporters could make a very good living by doing odd chores around town, such for instance as paring potatoes and shaving warts off pickles. If this frisky limb of the law had told, what he surely must know, he would have informed his hearers that first class shorthand reporters cannot be employed for twice $75 per month and that in large cities they command a salary of from $2000 to $5000 per year. This, however, is about as near the truth as Theodore generally gets—unless it is through a mistake.

The fear which our lawyers manifest for "third class lawyers from the east" is remarkable. The gentlemen of first-class ability and highly trained legal acumen causes them no anxiety; it is the mediocre lawyer, the species who wear greasy coats and thread-bare pants, and who possess a smattering only of legal lore, whom they fear may descend upon the province like a swarm of Egyptian locusts, leaving nothing in their track but ruined htigants, starving barristers and disappointed candidates for fat judgeships. 'Tis from such as these our lawyers ask to be protected in the earning of their daily bread and butter. Poor fellows! their fear may be natural, but it is certainly not creditable.

There have been several petitions presented to the legislature since the session opened, but so far we have not seen any desire expressed by the public for the retention of the Chinese wall which has been placed around the legal profession of the province. If legislation of this kind was in the interest of the public nothing could be said against it, but as it is directly opposed to all competition in the direction of brains, wit and knowledge it is calculated to foster the pettifogger at the expense of the people and must therefore be condemned.

President Cleveland is a man of great tact. He is a candidate for re election as President, and the National Democratic Committee, which makes the preliminary arrangements for the nomination, meets at Washington this week. With commendable delicacy, the President has packed up his valise, and with his wife has gone on a brief trip to Florida.

CITY COUNCIL.

Stormy Meeting Last Night—Personalities to be Stamped Out.

The City Council held their regular meeting last night. Present, His Worship the Mayor, Couns. Wilson, Vigelius, Coughlan, Powell, Braden, Styles, Harris, Kelly and Penwill.

Minutes of previous meeting were read and adopted.

COMMUNICATIONS

From T. Elwyn, stating that the appointment of Hon. A. N. Richards, Q. C., as Police Majestrate was assented to by His Honor the Lieutenant Governor in Council. Received and filed.

From Hon. A. N. Richards, accepting and thanking the Council for the appointment as Police Magistrate. Received and filed.

From W. M. Chudley regarding a donation towards the Jubilee Hospital.

Coun. Braden considered that some plan should be settled on, and moved that the communication lay on the table. Seconded by Coun. Harris and carried.

From H. L. Gulline & Co., stating that he had introduced a fire-proof paint and was expecting an order from the Corporation. Referred to the Hall Committee.

From Messrs. Drake, Jackson & Helmcken re Mr. Hargreaves' claim for $400, and stating that he would accept $300 for his claim against the Corporation.

Coun. Vigelius said the gentleman had communicated to the Council his intention to sue the Corporation. Some months passed and now instead of pressing for $400 Mr. Hargreaves offers to accept $300.

Coun. Styles moved that the communication be referred to the Finance Committee to report. Seconded by Coun. Powell and carried.

From 29 ratepayers asking the Council to grade Bay and Third streets. Received and referred to Street Committee.

From five ratepayers regarding the necessity of repairing Moss street. Referred to Street Committee.

From eight residents of Belcher street asking for the gravelling of said street. Referred to Street Committee with power to act.

From thirteen residents of Michigan street, James Bay, regarding the opening of said street.

Referred to Street Committee to report.

From owners of the Russ House asking that the mud and filth be removed from in front of said hotel.

Coun. Braden said it cost a great deal to put this mud on the streets and it would be a great expense to remove it. The communication was referred to the Street Committee.

From Mr. Geo. Walker asking for a sidewalk on Discovery street in front of his new residence. Referred to Street Committee.

From John Jessop, requesting the corporation to take over the Mechanics' Institute library.

Coun. Braden said the Council received several communications on this all important question, and he would give a notice of motion to introduce a by-law. The communication was laid on the table.

From J. B. Ferguson, stating that during his residence in this city he had received only $3.05 from the corporation, although he understood that the public patronage should be equally divided. The communication was referred to His Worship the Mayor.

NOTICES OF MOTION.

Coun. Harris introduced a by-law regarding the expenditure of Municipal Revenue for the year 1888. The by-law was read a first time.

Coun. Wilson introduced a by-law to amend the Officers Remuneration By-Law which was read a first time.

REPORTS.

The street committee recommended that a box drain be laid on the east side of Quebec street from St. John street to Oswego street; that Messrs. Halpenny & Shork be informed that the corporation are not in need of the rock; that a 5-foot sidewalk be laid on the north side of Simcoe street, from the corner of Menzies street, about 200 feet westward; that Mrs E Haynes' application to place a railing in front of her residence be not granted; and that the extension of Cook street from Pembroke avenue be temporarily fenced on both sides for the protection of the water pipes. Adopted.

The City Hall committee recommended that tenders be called for certain works at the City Hall, viz: Two windows in the police sleeping apartment; alterations to earth closet in City Hall; filling in of closet used by police and construction of earth closet in rear of that used by prisoners; putting bed of concrete in prisoner's yard; wash basin in city surveyor's office. Adopted.

From Cemetery Committee, recommending the repairing of the gate at the cemetery and the placing of a pump in a desirable portion of the graveyard. Adopted.

From the Park Committee, recommending the placing of 250 trees at Beacon Hill Park.

Coun. Braden thought we had a few trees on Beacon Hill.

Coun. Powell said the trees could be bought for 20 cents each and it would be a good thing to purchase 250 trees for planting in Beacon Hill and the cemetery.

Coun. Harris said he would suggest that gates be placed at the hill to prevent cattle from roaming over the park. Some ladies and children were afraid to go out on account of cows roaming around.

Coun. Kelly said he considered the widow's cow should be considered, and in committee he suggested that $500 should be appropriated by the Council to provide gates and the citizens requested to donate a like sum.

Coun. Powell moved, seconded by Coun. Kelly, that the report be adopted.

Coun. Wilson moved in amendment, seconded by Coun. Harris, that the report be referred back to the Park Committee. The amendment was carried.

From the Committee on Drill Shed, regarding the lots on Yates street occupied as a skating rink, stating that two lots could be purchased for $3000; the third lot is not for sale.

Couns. Styles and Coughlan thought the government should find out the class of building to be erected before purchasing costly lots.

His Worship said a large number of cities in the east purchased the land and the government erected fine drill sheds.

Coun. Vigelius said the building could be removed to Hospital hill, where the city owns three or four lots. The report was adopted.

Coun. Braden gave notice to introduce a by-law to acquire a public library.

Coun. Harris moved, seconded by Coun. Powell, that the Assessor shall not issue a pawnbroker's license to Chinese applicants or their agents. Carried.

The communication regarding the Jubilee Hospital was laid over for one week.

His Worship said Mr. Drake complained of the dumping ground at Cook street. The question was referred to the Sanitary Committee.

Coun. Harris asked whether anything is being done with regard to surveying the route of the water works.

The Water Commissioner said he was surveying on Cook street and would like His Worship and Council to visit the lake and see the head works.

Coun. Kelly said the new route would be through private property and people would not give it away now-a-days.

Coun. Styles said the swamps would be done away with.

The Water Commissioner said coming along Saanich Road east of Swan Lake would be preferable to the present route, west of the Lake. Mr. Bulkley surveyed this route and Mr. Keefer considered it a very good pipe route. For half the distance the road could be utilized, and after going over the country the Council would be able to judge the proposed route.

Coun. Wilson said a preliminary survey should be made before the Council went out. A motion to visit the lake on Monday next was carried.

Coun. Coughlan moved that the Water Commissioner be instructed to carry the water mains down Chatham street to Store, and along Store to Wharf street, in accordance with the new system, and a hydrant placed on Chatham street. Seconded by Coun. Braden and carried.

Coun. Coughlan moved that the Water Engineer be given one month's notice from March 1st that his services will not be required.

Coun. Braden said he would second the motion which should have been brought in two years ago. Things had been done wrongly for two years and who was to blame for it. Look at the streets where this employee had superintended work of which he had no right to take control.

His Worship said notice should be given to bring in so important a motion. By-laws required one week's notice and motions should be posted for 24 hours on the blackboard.

Coun. Coughlan—I did suppose your Worship would rule the motion out of order because you do not agree with it.

His Worship—I will not allow you to make such remarks in this council; they are entirely uncalled for. I have a right to rule the motion out of order, because the usual notice was not given and when the matter comes up in its proper form I will have something to say on the question. The Councillor can appeal against my ruling.

Coun. Coughlan said he did not intend to raise a point of order, but as His Worship stated he would have something to say at the next meeting he (Coun. Coughlan) would also say something that will deal with others. He was aware of His Worships wishes.

His Worship called Coun. Coughlan to order and informed him that such language would not be tolerated in the Council as he (His Worship) had not expressed himself on the matter but only on a point of order

Coun. Harris moved that the Council adjourn until Saturday night; seconded by Coun. Vigelius and carried.

How Men Die.

If we know all the methods of approach adopted by an enemy we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the inherent strength of the body suffices to enable it to oppose the tendency toward death. Many, however, have lost these forces to such an extent that there is little or no help. In other cases a little aid to the weakened Lungs will make all the difference between sudden death and many years of useful life. Upon the first symptoms of a Cough, Cold or any trouble of the Throat or Lungs, give that old and well known remedy—Boschee's German Syrup, a careful trial. It will prove what thousands say of it to be, the "benefactor of any home."

—First spring shipment of new style Carpets, Linoleums, Oilcloth, etc., just opened at John Weiler's, Fort street.

The First Sign

Of failing health, whether in the form of Night Sweats and Nervousness, or in a sense of General Weariness and Loss of Appetite, should suggest the use of Ayer's Sarsaparilla. This preparation is most effective for giving tone and strength to the enfeebled system, promoting the digestion and assimilation of food, restoring the nervous forces to their normal condition, and for purifying, enriching, and vitalizing the blood.

Failing Health.

Ten years ago my health began to fail. I was troubled with a distressing Cough, Night Sweats, Weakness, and Nervousness. I tried various remedies prescribed by different physicians, but became so weak that I could not go up stairs without stopping to rest. My friends recommended me to try Ayer's Sarsaparilla, which I did, and I am now as healthy and strong as ever.—Mrs. E. L. Williams, Alexandria, Minn.

I have used Ayer's Sarsaparilla, in my family, for Scrofula, and know, if it is taken faithfully, that it will thoroughly eradicate this terrible disease. I have also prescribed it as a tonic, as well as an alterative, and must say that I honestly believe it to be the best blood medicine ever compounded.—W. F. Fowler, M. D., D. D. S., Greenville, Tenn.

Dyspepsia Cured.

It would be impossible for me to describe what I suffered from Indigestion and Headache up to the time I began taking Ayer's Sarsaparilla. I was under the care of various physicians, and tried a great many kinds of medicines, but never obtained more than temporary relief. After taking Ayer's Sarsaparilla for a short time, my headache disappeared, and my stomach performed its duties more perfectly. To-day my health is completely restored.—Mary Harley, Springfield, Mass.

I have been greatly benefited by the prompt use of Ayer's Sarsaparilla. It tones and invigorates the system, regulates the action of the digestive and assimilative organs, and vitalizes the blood. It is, without doubt, the most reliable blood purifier yet discovered.—H. D. Johnson, 383 Atlantic avenue, Brooklyn, N. Y. ††

Ayer's Sarsaparilla,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Price $1; six bottles, $5.

ELECTRO-MAGNETIC POWER.

The People Marvel Much--Personal Cards Giving Substantial Testimony.

Since the advent in this city of Drs. Darrin, the great healers, the excitement not only in this vicinity, but wherever any of the numerous patients they have relieved can be found, has been most intense. The old story—the lame walk, the deaf hear, the blind see—has come to be a reality in our midst, and what would be scouted as too marvelous to be true is now demonstrated in too palpable a manner to leave room for the slightest doubt or uncertainty. That the doctors are achieving a vast amount of good in this community no one will attempt to deny who has given the subject the slightest examination. Testimonials are being continually received, a few names of which we herewith present, and could add many more did not want of space forbid:

FIRST HEALTH IN YEARS.

Mr. Editor: DEAR SIR—For over a year I have been afflicted with liver and kidney trouble, accompanied by a stomach difficulty, with great bloating of the abdomen, etc., and for over six years I have not had a good night's sleep. I have been under the treatment of most every doctor in the country, but without relief. As a last hope I was persuaded to consult the Drs. Darrin. After the first treatment I felt instantaneous relief, and now after a thorough course of their electro-magnetic treatment I am entirely well, and for the first time in years enjoy perfect health. I gladly recommend the doctors to the public, as their ability to perform cures is without a question, as I saw many others cured while under treatment.

E. L. STRAHL.

ASTHMA AND OPIUM HABIT CURED.

Mr. Editor: Dear Sir—I have been troubled with asthma for the past thirteen months, so bad as not to be able to do a day's work, and have suffered the "torments of the damned." The paroxysms were so severe that my life was many times thought to be despaired of. I had tried everything, and a great many physicians. In order to get relief I had to resort to morphine, until I had contracted the habit. I finally consulted the Drs. Darrin, at the International hotel, Cherry street, and they said that I could be cured. I put myself under their electro-magnetic treatment. Now after seven treatments, I am entirely cured of my asthma and the morphine habit, and I have no craving for the drug. I can be referred to at the McKenzie house, foot of Marion street, Seattle, W. T.

H. A. JOHNSON.

DEAFNESS AND DISCHARGING EARS CURED.

To the Public: I have been troubled with deafness and a discharge of one ear for over 20 years and have tried everything. I placed myself under the Drs. Darrin's electro-magnetic treatment and I am now cured of my long standing trouble. I cheerfully recommend the doctors to afflicted humanity. Can be referred to at Stuck Junction, W. T.

JOHN WOLFLIN.

OVERFLOWING TEARS CHECKED.

To the Public: For a number of years I have been troubled with over-flowing tears down my cheeks, and have been operated on a number of times by a physician, without success. Called on the Drs. Darrin, at the International hotel, Cherry street, and they operated on my eye, and I now feel great relief for the first time in fourteen years. I can be referred to at 1331 Railroad Street, Tacoma, W. T.

MRS. A. J. QUENTEL.

CROSS EYES STRAIGHTENED.

To the public: I have been cross-eyed for the past six years, caused by inflammation. After one operation by the Drs. Darrin my eyes are perfectly straight. Can be seen and referred to next door to Grace Hospital.

ANNA SCHWAB.

ANOTHER CASE.

To the public: For about nine months my left eye has been crossed, due to an injury of being thrown from a wagon and striking on my head. It paralyzed the outer muscles of the eyes causing it to turn inward rendering me cross-eyed. I had been operated on by a physician without success. I went to Drs. Darrin at the International hotel, Cherry street, and after one operation and treatment by them my eye is now nearly restored. I can be referred to at 656 Washington street, Port Townsend, W. T.

ANDREW ANDERSON.

A CORRECTED EYE.

To the public: I am 13 years old and have been cross-eyed all my life, and have always looked so horrid as to be called cock-eyed. I went to the Drs. Darrin and they did one operation to my eye which is now perfectly straight. Can be referred to at my home at 1351, Railroad street, Tacoma, W. T.

LILLIE QUENTEL.

A CERTIFIED CURE.

This is to certify that I have been troubled with weak eyes for over a year past, with a constant pain over the eye and ball, and was almost blind at times. I went to Drs. Darrin and put myself under their electro-magnetic treatment, with the happiest results, as I consider myself cured. I can be gladly referred to at White River, W. T.

JOHN MULLEN.

THE DOCTORS' TERMS.

The Drs. Darrin are located at the International Hotel, Cherry street, between Second and Third, Seattle, W. T. Office hours, 10 to 5; evenings, 7 to 8; Sundays 10 to 12. Consultation free. Terms reasonable.

They cure permanently all diseases of the genitinary organs, such as loss of manhood, seminal weakness, loss of desire of sexual power, and make a specialty of deafness and catarrh, and also treat successfully all diseases of the nose and throat, eye and ear, etc., as well as all acute and chronic diseases of whatever name or nature, if curable. No case taken if not. They have the secret for the cure of consumption by the newly-discovered method of injection of gas, which they have practiced with great success.

Drs. Darrin have a system of home treatment for patients living at a distance, thus saving them time and expense, by writing symptoms, age, sex, etc. Inquiries answered. Circulars sent free.

Who Is Your Best Friend?

Your stomach of course. Why? Because if it is out of order you are one of the most miserable creatures living. Give it a fair, honorable chance and see if it is not the best friend you have in the end. Don't smoke in the morning. Don't drink in the morning. If you must smoke and drink wait until your stomach is through with breakfast. You can drink more and smoke more in the evening and it will fall on you less. If your food ferments and does not digest right,—if you are troubled with Heartburn, Dizziness of the head, coming up of the food after eating, Biliousness, Indigestion, or any other trouble of the stomach, you had best use Green's August Flower, as no person can use it without immediate relief.

—Tomb and Headstones, Monuments, in Marble, imported and local Granite, Mantle pieces and Wash Stands in Marble, artistically executed, and at reasonable rates, at George Rodger's Marble Works, Douglas street, Victoria. Call and see specimens of work.

CURES FOR INSOMNIA.

BOB BURDETTE GIVES A LONG LIST OF SURE REMEDIES.

Some of the "Infallible Cures" Which the Humorist Has Jotted Down in His Little Health Book—One of the Mysteries.

What pleases me when I am tormented with sleeplessness is a little health book of my own, in which I have jotted down a few—a very few—of the "infallible remedies" for sleeplessness which have been tried in thousands—or perhaps it was millions—of cases, most of which were the prescriber's own immediate family, or, at the farthest, circle of immediate friends, and had never once failed to effect a permanent, and it is needless to say, instant cure. All of these cases collectively and each one by itself individually were and was exactly like my own in cause, duration and operation. The simplicity of the combined remedy appeals at once to human confidence.

Eat nothing within three hours before retiring.

Eat a light but substantial luncheon just before going to bed. Nature abhors a vacuum. (This is one of the prescriptions I like.)

Read light literature before going to bed.

Read nothing after supper. Walk a mile in the open air just before bedtime.

Go to your room an hour before retiring and read until bedtime. Give up smoking altogether.

If you are a smoker, a cigar just before retiring will soothe and tranquillize your nerves until you can't keep awake.

Don't think about sleeping; you scare away slumber by wooing the drowsy god.

ADDITIONAL REMEDIES.

Resolutely resolve, as you lie down, that you will go to sleep, and sleep will come naturally.

Take a warm bath and go from the tub into bed.

Take a cold sponge bath, jump into bed, and you'll be asleep before your head touches the pillow.

Walk slowly about your room half an hour.

Lie on your right side, with your cheek on your hand.

Lie on your left side, with your head resting on your arm.

Drink milk. (This, according to my experience, is the best prescription in the lot. It will make you sleep better than all the bromides going, which are snares and delusions. But milk diet not only makes you sleep at night, but you want to sleep all the next day. It makes you intolerably stupid all the time. It is a very pleasant, half awake feeling, if you have nothing else to do but to enjoy falling asleep at any time and in all manner of places, like Colville in the best told story of these times, "Indian Summer;" but if you have any work to do it is embarrassing.)

Count up to 100. (I tried this inhuman bit of idiocy one night. I came very near falling asleep two or three times, but was started wide awake by suddenly becoming conscious that I had lost my count, and had to begin over again. This cure kept me awake one whole night, while I was so sleepy I could scarcely hold my eyes open. The friend who gave me this prescription is not living now. She was a woman, and I could not, as a gentleman, offer her violence. So I dosed a box of marshmallows with Rough on Rats and sent them to her.)

WHAT IS TO BE DONE?

So, what is a sleepless man who wants to sleep going to do? If he eats a slight luncheon, smokes a mild cigar, read Bunner an hour, walks a mile in the air, comes back and walks another mile about his room, takes a sponge bath, cold, followed by a tub bath, warm, drinks a pint of milk, jumps into bed and lies on both sides, with his head on one arm and one hand, and counts a thousand, it will be time to get up, anyhow, and he can have a few nervous fits during the day.

It is a fact, however, that even men who think they suffer from sleeplessness do not lie awake half so long as they imagine they do. When a man says to me, "I did not close my eyes once all night," I know he lies. Not intentionally, of course; he thinks he was awake all night; the probability is that he did not get to sleep until two hours after his regular time, and it seemed an age to him. Really, it isn't often that a man lies awake the whole night through. I am not a physician, and cannot speak by the book, but I believe that men fib about their restless nights more than any other ill to which our weak humanity is heir. Now take your own case; you remember the last time you lay awake all night, don't you? Yes, I see you do. Well, don't you remember that same night you heard the clock strike 2, and then the next time you heard it it struck 7? Yes? I see you do. Well, that's one of the mysteries about insomnia that is difficult to explain.—Burdette.

London's Messenger Company.

Somebody is trying to float in London a District Messenger company after the American plan. The public is being solicited to subscribe for 10,000 shares of stock at $5 a share. It is announced as a scheme "for providing the public with reliable messengers and for affording a means of livelihood for deserving lads." The charge is to be a penny a mile, and the boys are to be paid at the rate of about six cents an hour. The uniform is to be dark gray with royal blue facings, and to have the company's name conspicuously on the cap.—New York Sun.

Culture vs. Ignorance.

Omaha Dame—Can you read?

New Girl—No, mum.

"Well, I don't know but that will be an advantage in this case. The last girl we had was a great reader, and was constantly carrying the latest papers and magazines into the kitchen before we were half through with them."

"Yes, mum."

"But that was not the worst of it. Just as soon as she read them she would use them to start the fire with."

"I'd never do that, mum. I allers use kerosene."—Omaha World.

Feat of New York Burglars.

The feat of the man who stole a hot stove has been eclipsed by New York burglars, who stole a safe weighing 1,600 pounds from a barge that had sunk to the bottom of the Hudson river.—Chicago Herald.

It is an Irishman who defines a rich man as a man who bites off more than he can chew, and a poor man as a man who chews more than he can bite off.

The bicycle has been adopted in Persia. Six of the machines are in use in Teheran—two by nobles, the others by telegraph men.

Rings, Rings, Rings.

For Diamond, Engagement, Wedding Rings go to W. H. Pennock, the practical jeweller, and have them made to your liking. Bring along your old gold and have it remodelled into something new and fashionably, as Mr. Pennock makes a specialty of fine work at reasonable prices. Denny's Block, Government street, up stairs.

The Right Place.

THE RIGHT PLACE for Gum Boots Rubbers, and all kinds of Overshoes, is at Erskine's Boot & Shoe Emporium, cor. Government & Johnson sts.

MUNICIPAL.

[No. 153.]

A BY-LAW

Respecting the Expenditure of the Municipal Revenue for the Year 1888.

BE IT ENACTED BY THE COUNCIL OF the Corporation of the City of Victoria as follows:—

1. It shall be lawful for the Finance Committee of the said Council to arrange for and obtain a credit, by way of overdraft upon current account with the Bank of British North America, to an amount not exceeding in the whole, the sum of $30,000, including the now existing overdraft, at a rate of interest not exceeding six per cent. per annum.

2.—All moneys so overdrawn shall be used for the ordinary current expenditure of the said Corporation, and shall be repaid to the said Bank on or before the thirty-first day of December, 1888, out of the municipal revenue of the said Corporation for the current year.

3.—This By-Law may be cited as the Bank Credit By-Law, 1888.

Passed the Municipal Council the 15th day of February, A. D. 1888.

Reconsidered and finally passed the Council this 22nd day of February, A. D. 1888.

Victoria, Thursday, March 1, 1888.

Passengers Arriving.

By the Yosemite from New Westminster:—Mr and Mrs Collinson and family, T B Pearson, J Corbridge, S Hemsea, W Langley, Y Graham, J Pelts, A Innes.

Per the Alaskan from the Sound yesterday: E Cooper, F Buie and wife, F Rowe, J Lowe, J H Steves, Scoglins, J Peault, Wright, Troisiels Dorria, Const, Whittney, L Prince and wife, Mrs Nelson, Colbert, Bernstein, Delcordano, Colwell, O Swan, F B Miller.

By str. Princess Louise from Vancouver: Rev C Ladner, J Vanderaelice, L Dumbleton, D Robb, H Dean, W Evans, B Bell, W F Smyth, W T Blair, F Johnston, Mrs Johnston, J W Hurbert, C D Lockhert, S Frances, W H Oorchard and others.

Consignees.

Per steamer Alaskan from the Sound yesterday—H B Co, M R Tye, Ames, Holden & Co, Wm L Mason, B C S & P Co, S J Pitts, Carne & M, H R Co, H Saunders, M Stena, Valo & Brooks, B & Ker, L Goodman.

Per steamer Princess Louise from Vancouver: Hlas Wo Tong, Tai Foong, Frank Koe, Lung Fee, Hip Loong, Kwong on Tai, Yick Yuen, Wah Yuen, Order W R & Co, Order N E Brajer & Co, Dom Ex Co, T B Hall, Lai Hop, Sam Kee, Tai Sun, Kwong on Lung, Sing Wo Chan, Wing on Lung, Fook Yuen, Leung Choon, Order E H Hanter & Co, Siegfried & Brandenstein, A Aaronson.

Per the Princess Louise from Vancouver—A B Erskine, A Gilmore, A B Gear & Co, Angus & Gordon, Ames, Holden & Co, Rossi & Co, C A Lombard & Co, Boucherat & Co, C Strouss & Co, D Spencer, E G Prior & Co, Fell & Co, H E McHall & Gosnell, H Peters, J no Meston, J Fullerton, J A T Caton & Caton & Co, Jno Weiler, Joe Sommers, J Sehl, Langley & Co, Lenz & L, L Goodacre, Order McLean Bros, P McQuade & Son, S Leiser, S J Pitts, T N Hibben & Co, T S & Co, T B Pearson & Co, Van V Bros, W E McDowell, W H Redgrove, W Ledrington, Atkinson, W Heathorn, J Wrigleworth.

CITY AND PROVINCE.

—Kurtz's Jubilee Cigars are now ready

—Eastern Oysters at the Poodle Dog.*

—It is rumored that the Triumph is to return to this station in a few months.

—Bass' XXXX 8-year-old Ale on draught at the Occidental Hotel bar.

—Now opening at the Golden Rule Clothing Story, a very choice line of children's suits.

—Portland is now running suburban trains on the Portland and Willamette Valley railroad to Fulton, River View Cemetery, Edge Rock, the White House and Oswego. Five trains run each way daily.

—Money advanced on Watches, Diamonds, jewelry of all kinds, &c., by Kirschberg & Lamparms, Johnson street.

—It is a good rule to accept only such medicines as are known to be worthy of confidence. It has been the experience of thousands that Ayer's Cherry Pectoral is the best medicine ever made for throat and lung diseases.

—The Colonist's mosquito was about last night. Its effect upon the telegraph wires is apparent in the C. P. R. office in this city.

—Photographic views along the line of the C. P. R. in B. C., and views of Alaska for sale at R. Maynard's, Douglas St.

—We learn from a statement made by Secretary Bayard that the "400-ton vessels" described by the *Colonist* as being used by the American fishermen on the Atlantic Coast are, in reality, on an average "about 70 tons."

—House plants in great variety and a complete assortment of flower and vegetable seeds just received at Portman's cash grocery, Douglas street, Stelly Block, under the Clarence Hotel. New plants in season received by every steamer.

—Everybody needs a spring medicine. By using Ayer's Sarsaparilla, the blood is thoroughly cleansed and invigorated, the appetite stimulated, and the system prepared to resist the diseases peculiar to the summer months. Ask for Ayer's Sarsaparilla. Take no other.

—Says the Vancouver *News-Advertiser*: Two extra baggage cars, containing the silk brought by the Abyssinia, were bonded by the Canadian and U. S. Customs officials yesterday, and left on the Atlantic express yesterday for Prescott, whence they will proceed to New York. Their precious freight is valued at over $150,000.

—For the largest and best assortment of Furniture, Carpets, Crockery, Glassware, Lamps, &c., go to J. Sehl, Government Street, where you are sure to get suited in style, quality and lowest prices.

—As per announcement, the managers of the St. Andrew's Church were present in that edifice last night to let pews to such as are not already supplied. A considerable number were present and secured sittings. The prospects now are that the pews will all be rented by the time Mr. McLeod is inducted, and that he will begin his ministry here with a full congregation.

—A telegram from Pernambuco, Jan., 25th, states that the Galgate, British ship, from Calcutta for New York has been burned at sea. The crew were picked up from boats, and landed at Pernambuco. The Galgate was an iron ship, 1695 tons, built at Stockton, and owned in Liverpool.

Fire Inquest.

An inquest was held this afternoon in the Blue Ribbon Hall at Esquimalt to ascertain the cause of the burning of Mr. Jones' hotel on Feb. 12th. A jury was empanelled and the inquiry is in progress as we go to press.

Cutting Them Down.

The Dominion Government has struck off the extra allowance made to the post office employees of Manitoba, because of the extra cost of living in the province. This causes a reduction of from 12 to 40 per cent on their salaries. The boys are mad, and now they will turn Grit at once. The pruning knife is coming westward. This province will be the next to receive attention. It is believed Sir John has repented him of his saying at Ottawa that he would not leave a cent for the Grits when they reached the Treasury benches wherewith to corrupt the electorate, and that he has already begun to lay up treasure for enemies where it will be kept safe, and neither moth nor rust can corrupt it or thieves break in and steal the "boodle." So much for the good influence exerted over the premier by the correspondents at Ottawa.

Divorce in Seattle.

A decree of divorce was entered at Port Townsend on Monday in the case of Stephen H. Holmes *versus* Mary E. Holmes.

Bandsmen, Read This.

Messrs. C. A. Lombard & Co. are now ready to supply you with instruments made by F. Besson & Co., of London, at 15 per cent. less than any other dealers in the province. Send in your orders direct to us and save money.

Death of a Pioneer.

Mr. Henry McHugh, aged 80 years, died on his farm at Saanich yesterday. Mr. McHugh was a native of Ireland and resided in this province since 1860. Due notice of funeral will be given.

Our Custom House.

Following are the customs collections at the port of Victoria for month ending 29th February, 1888:

Duties	$ 41,922 45
Miscellaneous	294 60
Chinese Immigration Act	484 50
	$ 42,771 74
Collections, Feb., 1887	25,431 06
Increase over Feb., 1887	$ 17,339 68

Leap Year Ball.

The ladies of Saanich held a most enjoyable entertainment at Agricultural Hall, South Saanich. Between sixty and seventy couples attended, indulging in tripping the light fantastic until daylight this morning. The music, furnished by Prof. Oliver, was very good, and the ball was voted a grand success by the ladies and gentlemen present.

Marine.

Steamer Geo. W. Elder is in the dry dock at San Francisco preparatory to going regularly on the Alaskan route.

The Mexico, whilst in the dock in San Francisco, had an addition of sixteen staterooms of three berths each on her upper deck.

A new four masted schooner was launched at Port Madison on Monday, which is considered the finest vessel ever launched on Puget Sound.

Government House.

The following ladies and gentleman were invited by His Honor the Lieutenant Governor and Mrs. Nelson to dinner at Government House, on Wednesday evening: Hon. J. and Mrs. Robson, Mr. and Mrs. Higgins, Mr. and Mrs. Mason, Mr. and Mrs. Fry, Mr. and Mrs. Gore, Mr. and Mrs. Ladner, Hon. Thomas and Mrs. Humphreys, Mr. and Mrs. Elwyn, Staff Surgeon Anderson, R. N., Lieut. Oliver Stokes, R. N., Mr. Martin, Mr. McLeese, Mr. Orr, Mrs. Gl any Anderson, Mr. Herbert Stanton.

Preston's Assailant.

Capt. Woolery left Seattle on Wednesday last for Pueblo, Colorado, for the purpose of bringing back T. R. Goodwin, the assailant of G. H. Preston. The arrest of Goodwin is the result of two months' hard detective work, and Prosecuting Attorney Ronald says he is sure the right man has been captured. Considering that twenty-five men were arrested on this charge in the cities on Puget Sound, and every hard-looking citizen placed under police surveillance, it is about time that some one resembling the real culprit was captured.

Vancouver Directory.

We have received from Mr. R. T. Williams, publisher, a copy of Vancouver City Directory, a handsome volume of fifty pages. A special edition for Vancouver was found necessary in view of the extraordinary growth of that phenomenal city, and the work has been carefully done by Mr. Williams. As an evidence of the growth of the province and especially of the terminal city, the publisher says that the Vancouver Directory is larger than the one for the whole province published in 1874. The printing and binding is above the average of such work in directories. The book will be of great value to our business men.

They Went Stand It.

Reed, of Maine, a Republican leader, on Tuesday last in Washington, stated that if any attempt is made to railroad the Tariff bill through the Ways and Means Committee or through the House there would be trouble. Republicans, he said, would not stand it, or if they were obliged to they proposed to be carried out kicking and screaming. They propose that every provision of the bill shall have a careful consideration, and that the interests that are to be affected shall be heard. They will do nothing to obstruct the legislation proposed, but they intend that the country shall have a chance to know what sort of a tariff legislation they propose to enact before it was passed by the House.

The Salmon Market.

A New York dispatch announces the opening of the market for future delivery of Coumbia River salmon. Contracts had been made with at least ten of the principal packers, the remaining ten or twelve being deterred from entering the field, it is said, by the refusal of their commission agents to make sufficient advances to permit them to go ahead upon the basis of $1.25 for fish. A block of 10,000 cases of flat cans has been placed at $1.70, free on board, and calls have been contracted for delivery at $1.55 for export, and at $1.57½@1.60 for home consumption. Additional business, however, would be difficult to complete under $1.65@1.70.

Thoroughbred Horses.

Mr. M. Steves, of Lulu Island, purchased from Mr. Edmund Croft, of Newaukum, W. T., four splendid Suffolk Punch horses—the stallion 'Prince" and three mares. "Prince" is a noble specimen weighing 1850 pounds, a rich golden chestnut color, and cost $1500. For power of endurance, constitution and longevity the Suffolk horse has long been famous. They are very hardy, and their habits of life, engendered from one generation to another, have inured them to what would have killed another breed. In temper they are docile, possessing a smart, quick step, and as an agricultural horse have no superior. Mr. Steves will keep the animals for breeding purposes, and his enterprise is certain to meet with encouragement. "Prince" was foaled in 1883, and was bred by R Garrett, of Carlton Hall, Saxmundham, Suffolk, Eng., who has a world-wide reputation for horses of this breed. The Yosemite conveyed the horses to Lulu Island to-day.

Continued from First Page.

ion Government to their agreement. The people of Cariboo had been, in his opinion, too lenient.

Mr. Grant pointed out also that the Dominion had been grossly neglectful of other portions of the province which contributed largely to its revenue. Resolution carried.

PUBLIC ROAD.

Mr. Orr moved, seconded by Mr. Ladner, that an order of this House be granted for a return of all Orders in Council, letters and correspondence relating to the gazetting of the public road from Ladner's Landing to the townships' line dividing townships 5 and 6, New Westminster District.

LEGAL PROFESSIONS.

Mr. Higgins moved the second reading of a bill to amend the Legal Professions' Act. He said he did this as a matter of justice (in default of a legal gentleman taking the matter up,) to a very desirable class of people who would come to this province and form an important addition to the population if the restrictions placed upon them were removed. Every precaution was taken in his bill to prevent the introduction of an undesirable element to the bar of this province, but with so many classes composing our population he did not think we should give the legal profession privileges which we gave to no others, but, which existed as a reason why they should be granted to others. It was very remarkable that the legal gentlemen of the province should require to be preserved and conserved like grouse and quail in the close season. No such thing existed in Ontario. The bill would not do any injustice to our young men and it might induce many learned gentlemen to come to our province which would be an ornament to the bar. He felt that the removal of the obnoxious provisions of the Legal Professions Act would commend itself to the House and to the country.

Mr. Martin said this bill had been for many years the property of the opposition but the member for Esquimalt being an ambitious legislator had taken it up. It would be a great injustice to our young men to have this country flooded with third-rate lawyers from Ontario. Therefore he would move "that the bill be not read now, but this day six months." Seconded by Mr. Allen.

Hon. Mr. Robson considered the bill a fair one. That is that lawyers should come into this province and practice on the same footing as those who are in it. The principle of the bill was right. He had a son himself studying for the legal profession with the intention of practicing in this province. If he believed in this Chinese wall around lawyers he would oppose this bill, but he would prefer to have our young men brought in contact with the best minds, the sharpest and shrewdest wits that could be found. Surely, he said, it was not going to be said that our boys could not hold their own against third rate lawyers who might come in from the east. [Hear, hear.]

Hon. Mr. Humphreys maintained that our bar was degenerating; that it was neither satisfactory, nor, without casting reflection on anyone, was it up to the standard it had been. The present Legal Professions' Act he looked upon as responsible for this state of things, as well as the fact that we had several legislatively created lawyers among us, men who would be struck with surprise if such a man as he (Mr. H.) expressed a desire to practice law. The best thing the Assembly could do was to enlarge the choice of the public and if they can get better lawyers to do their work than those who are doing it now let them get them. The fact was there were men in this province practicing law who, if they went back to Britain, whence they came, and told their friends they were barristers, they would produce a shock.—[Laughter.] The bill was in the right direction and the junior member for Esquimalt deserved credit for bringing it forward.

Mr. Pole had felt that himself and the acting Attorney General, were under trial, and he had thought that it would probably be well for them to throw themselves upon the mercy of the tribunal. There was one thing, however, about the bill which commended it to him, and that was, that it placed the mover with Her Majesty's loyal opposition. [Laughter.] Proceeding, he said the member for Comox had evidently changed his views respecting lawyers. He had frequently shown that they were an evil, but to-day he proposed a wholesale immigration of these evils. He (Mr. B.) would have thought the smaller the evil the greater the benefit to the province. It had been stated also that the judges had nothing to do. If that were true the lawyers could not have a great deal to engage their attention, and that being the case there did not appear to be much necessity for more of them. The promoters of this bill, he claimed, had shown no good reason for its adoption. If it were true that additional county court judges were to be appointed, and this bill should pass, there was a danger that those would come into the province who, with greater influence in the east than the practitioners here, would get the appointments.

Debate adjourned.

The House then adjourned.

NOTICES OF MOTION.

Hon. Mr. Humphreys, on Friday next—To move: Whereas the *Colonist* newspaper has persistently vilified the undersigned, a member of this legislative assembly; whereas such gross slander is calculated to bring this legislature and its members into disrepute and contempt; be it therefore resolved that this House do proceed to censure the proprietors of the *Colonist* newspaper, for their reprehensible conduct.

Colonel Baker, on Friday next—To move that the report of the select committee appointed to enquire into the charges brought by the Hon. Mr. Humphreys against the Hon. Mr. Dunsmuir, President of the Council, be adopted.

Mr. Semlin, on Friday next—To move that in the opinion of this House it is desirable that two additional polling places in the Yale district be established, one on Grand Prairie and one at McKinney's on Rock Creek.

Mr. Grant, on Monday next—To move: Whereas, a number of British sealing vessels, used in the lawful avocation of catching seals in the Behring Sea, outside the three-mile limit, were seized by cruisers of the United States of America; their appliances, cargoes and catch confiscated, and their officers and crew imprisoned, thus inflicting serious personal and pecuniary injury upon British subjects; and whereas, up to the end of the first year the officers of the government of the Dominion of Canada failed to notify the owners of British vessels when clearing at the custom house for the purpose of proceeding to Behring Sea to engage in seal catching that they did so at their own risk; be it therefore resolved, that a respectful address be presented to His Honor the Lieutenant-Governor requesting him to move the Dominion Government to compensate the owners of British vessels for the losses thus incurred, and to obtain from the United States authorities a reimbursement of the sum so expended.

Hon. Mr. Davie, on Friday next—To move, that this House do immediately resolve itself into a committee of the whole.

QUESTIONS.

Hon. Mr. Beaven, on Monday next—To ask the Hon. Provincial Secretary: Will tenders be invited for the binding connected with the revision of the statutes and other departmental government work during the present year?

Mr. Higgins, on Friday next—To ask the Hon. Attorney-General: What steps, if any, have been taken to carry out the provisions of "An act relating to the practice and procedure of the supreme court," passed by this House at its last session?

POLICE COURT NOTES.

[Before Judge Eli Harrison.]

L. Olsen, charged with being drunk. Bail estreated.

Jenny Chickens, charged with being in a state of intoxication.

Sergt. Sheppard said the defendant had appeared about 100 times on the same charge. Jenny was fined $5 or one week.

F. Bagen, charged with poisoning a dog belonging to Miss Christie. Remanded.

Dawe and Clarke, on remand for stealing rings from S. Kirchberg, a pawnbroker on Johnson street.

Kirchberg deposed that Dawe offered two white razors in his shop some days before the robbery. On the night of the robbery missed six rings valued at $187. The nine rings produced are mine; two rings are missing still and I never missed three of the rings produced until now.

To Dawe—Saw you in the store later in the evening.

After hearing the evidence of Kirchberg's son the case was remanded until to-morrow.

OUR TIMBER RESOURCES.

What Mr. John Hendry has to Say About his Visit to San Francisco.

Mr. John Hendry, of the Royal City Planing Mills, New Westminster, is in the city, on his way home from San Francisco, whither he went to arrange for timber charters by vessels to Australia, South America and other countries from his mills. Mr. Hendry states that the only obstacle to a very large trade is the unsatisfactory state of the Fraser river channel from the sandheads inwards for a couple of miles. Once a channel is established of say 24 feet, vessels will ascend as far as New Westminster and load lumber at his mills for the countries we have named. He found his principal difficulty to lay in the fact that no chart of the Fraser was extant for the use of underwriters in San Francisco, New York and London. Steps will be taken to have a proper survey of the lower Fraser made and a chart prepared. Once the river is properly buoyed and vessels can go up Mr. Hendry is of the opinion that the traffic is practicably an unlimited one. Unless the Fraser is dredged the Royal City Mills will be compelled to look elsewhere for a site whereon to erect their mills for their export trade. This will be a serious matter for New Westminster. It is to be hoped the government will be impressed with the necessity for dredging a channel as suggested by him.

He believes that a reciprocity in the natural products of the soil will be of an immense advantage to this province. In his line of business it would be equivalent to $2 per thousand feet, besides affording a home market, which would consume all the products of his mills even if they were doubled or trebled. He leaves for home to-morrow morning.

ON THE WING.

Six English immigrants reached Vancouver yesterday on their way to this city.

Mr. James Brady, of the Perry Creek Mining Co., leaves this evening for Golden.

Mr. J. W. Munroe, representing Messrs. Strome and Whitelaw, merchant tailors, Brandon, is at the Clarence.

Mr. L. A. Hamilton, Assistant Land Commissioner of the C. P. R., at Vancouver, has gone east on a visit to Winnipeg.

The Rev. Mr. Pitblado, late of St. Andrews, Winnipeg, will be inducted next week into his new charge in San Francisco.

Mr. T. S. Higginson, Dominion Timber Agent at New Westminster, is in Ottawa, attending to business relating to his department.

Mr. Rocket, bridge builder, leaves for Golden on Friday to superintend the erection of several bridges in that important district.

Mr. Archibald Cameron, well and favorably known throughout the province, leaves for Kootenay District on Friday and will take charge of the roads there for the ensuing season.

At the Occidental amongst others are registered—J D Mager and A Clements, Portland; W Collinson and wife, Plumper's Pass; S Bruce, Lillooet; Gintzburger and J Smith, New Westminster.

Mr. George Hamilton, representing Sandford & Co., wholesale clothiers and manufacturers, Hamilton, is on his way to Japan with samples of clothing, &c. He will embark on board the Abyssinia.

Mr. W. B. Macdougall, the irrepressible Bohemian of the Pacific Coast press is about to establish a paper in Salem City, in the Okanagan district, W. T. It is to be christened the *Floater*. Some suggest the name the Sucker as being more appropriate.

The Rev. J. B. Silcox, late of Winnipeg, has began his ministry in San Diego, Cal. He preached his first sermon in the Tabernacle on Sunday, the 19th Feb., to a crowded house. The building was specially decorated for the occasion, presenting a flower-garden appearance.

Runaway and Marriage.

A young man named Heal, a resident of Lake District, ran away with Miss King, a daughter of Mr. H. King, of Cedar Hill. The romantic young couple were passengers for Seattle on the Olympian on Wednesday, where they will be quietly wedded without the interference of irate parents. Time, the cure for all sorrows, will heal all wounds and the happy couple will no doubt be received back to the arms of their parents in a few weeks.

ROYAL

BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test short weight alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER Co., 106 Wall Street, New York.

NEW TO-DAY.

Blacksmithing Shop for Sale.

THE BUSINESS, SHOP, STOCK and Tools, comprising about 5,000 lbs. of iron and steel, a complete set of tools, 700 bushels of coal, etc., etc., of the late C. P. Ousill, is now for sale on reasonable terms. Address Mrs. C. P. Ousill, Barkerville, B. C. mar1,1m dw

NOTICE IS HEREBY GIVEN, that we intend applying to the Honorable Chief Commissioner of Lands and Works for permission to purchase the following tract of land situate in the Rupert District, Vancouver Island, and described as follows, to wit: Commencing at South-West corner of the Indian Reserve, number four, Hardy Bay, thence West eighty (80) chains; thence South two hundred and forty (240) chains; thence East two hundred and forty (240) chains; thence North two hundred (200) chains back to the East shores of Hardy Bay, containing four thousand three hundred and twenty (4,320) acres more or less.
